ABOUT ME

I'm a Full-Stack Developer skilled in building fast, secure, and user-friendly web and mobile apps. From crafting beautiful UIs with HTML, CSS, JS, Bootstrap, and Tailwind to building robust backends with Node.js, PHP, Django, and managing databases like MongoDB and MySQL — I handle the full project lifecycle. I also work with Git, GitHub to ensure smooth version control. I love solving real-world problems, learning new tech, and turning ideas into working solutions."
